1 My Career Goals

My career goals are not set it in stone but I intend to work in cybersecurity and my goal is to develop the technical skills and knowledge needed to protect digital systems from cyber threats. I aim to gain hands-on experience in network security, ethical hacking, and risk assessment through internships and certifications. Ultimately, I aspire to work as a cybersecurity analyst, helping organizations strengthen their defenses against cyber attacks while continuously expanding my expertise in the field.

2 School ID

3   Multiplication Table

×	1	2	3	4	5	6	7	8	9
1	1	2	3	4	5	6	7	8	9
2	2	4	6	8	10	12	14	16	18
3	3	6	9	12	15	18	21	24	27
4	4	8	12	16	20	24	28	32	36
5	5	10	15	20	25	30	35	40	45
6	6	12	18	24	30	36	42	48	54
7	7	14	21	28	35	42	49	56	63
8	8	16	24	32	40	48	56	64	72
9	9	18	27	36	45	54	63	72	81

4   Quadratic Formula

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$$
